Re: Notice of Revision and Review of the City of Ceres 2010 Urban Water Management Plan

NOTICE IS HEREBY GIVEN that a public hearing will be held by the City of Ceres to receive public comment at the regularly City Council meeting on March 28, 2011, at the Ceres Community Center, 2701 Fourth St., Ceres, California, for the purpose of notifying and informing the public on the City's implementation plan for complying with the "Water Conservation Act of 2009," Senate Bill x7-7. The implementation plan is part of the City's Urban Water Management Plan (UWMP). The legislation requires that each urban retail water supplier shall develop urban water use targets, establishing conservation reductions to be achieved by 2020, and an interim water use target, for water conservation reductions to be achieved by 2015, by July 1, 2011. The legislation sets an overall goal of reducing per capita urban water use by 20% by December 31, 2020. The state shall make incremental progress towards this goal by reducing per capita water use by at least 10% by December 31, 2015.

The purpose of the hearing is to allow community input regarding the implementation plan, consider the economic impacts of the City's implementation plan, and to adopt the method to be used to establish the City's interim (2015) and 2020 urban water use targets.

All interested persons are invited to attend the public hearing at the above time and place to learn about the preparation of the Urban Water Management Plan (UWMP), and provide input on the City's implementation plan for complying with the "Water Conservation Act of 2009." This meeting is also an opportunity for residents to learn about the State's requirements and methodologies to meet water use targets as outlined in Senate Bill SBx7-7. Additional information on the development of the UWMP can be found by visiting the Department of Water Resources' website at: <http://www.water.ca.gov/wateruseefficiency/sb7>.

If you have any questions, please call Jason Chapman in the Engineering Department at (209) 538-5791 any weekday from 8:00 a.m. to 5:00 p.m.

Sincerely,

Jason K. Chapman, P.E.
Associate Engineer

NOTICE
CITY OF CERES
2010 URBAN WATER MANAGEMENT PLAN UPDATE

DATE: March 23, 2011
TO: All Interested Parties
FROM: Jason K. Chapman, Associate Civil Engineer
SUBJECT: 2010 Urban Water Management Plan Update

Water purveyors within the State of California are required to review and update their Urban Water Management Plans every five years. As part of this process, the City of Ceres is required to notify Stanislaus County and agencies within the County of this planned update at least 60 days prior to the proposed public hearing (California Water Code §10621).

By State law, the City of Ceres must adopt the final plan by July 1, 2011 (California Water Code §10608.20)

If you have any questions or comments regarding the update of the City of Ceres Urban Water Management Plan, please contact:

Mr. Jason K. Chapman
Associate Civil Engineer
City of Ceres
2220 Magnolia Street
Ceres, CA 95307
(209) 538-5791
Jason.Chapman@ci.ceres.ca.us

Sincerely,

Jason K. Chapman
City of Ceres
